Kind to clothes, Kind to you...

Detergent Now Available; Softener Future Listing

## Discover how gentle strength can be.

**KIND® Laundry Detergent belongs to a family of advanced laundry solutions from Winning Brands; premium quality with excellent value.**

Professional garment cleaners, hospitality industry and medical facility managers in both the private and government sectors know that clothing and linens need to be protected while being cleaned. Also, more people today report sensitivity to the cleaning

chemicals used in their fabrics. KIND Laundry Detergent (and its companions KIND Fabric Softener and 1000+ Stain Remover) all provide the outstanding results, working individually or together, that professionals are looking for.

With experience in the development of alternatives to conventional dry cleaning solvents, Winning Brands provides you with laundry products which deliver cleanliness, softness, stain treatment and better tolerance by people who are otherwise sensitive to conventional laundry

products. Veteran's hospitals and other medical facilities, government operated lodging (and many other settings) can benefit from clean fabrics that are treated gently yet with effective strength.

### Does Not Contain

- Phosphates
- Nitrates
- Enzymes
- Chlorine

KIND Laundry Detergent is now listed with GSA. KIND Fabric Softener is coming to GSA asap. We welcome enquiries for quotations regarding your needs.
